

BLOCK OF THE MONTH FINALLY

We've completed 5 BOMs using the "8 at a time" HST technique. Now lets see what they can be turned into. Examples of possibilities were shown at the September meeting.

Choose any one of the following options or create your own:

1. Make a sampler quilt from the 5 blocks; placemats and table runner also good.
2. Choose your favorite block and make 3 more for a total of four of the same blocks and join them in a square to create a new pattern. Block #5 Hovering Hawks is especially good for this.
3. Make a Twisted Rope table topper using multiple repeats of the same 3 HSTs unit.

*Cutting instruction for choices 2 and 3 are attached to the newsletter.

** Two very useful websites I highly recommend are:

- <http://www.quilterscache.com> This is the site I found all my block patterns. Amazing web site
- <http://www.generations-quilt-patterns.com/triangle-square.html>. You will find charts for making 2 at a time, 4 at a time, and 8 at a time HSTs in different sizes. The math is already done for you and you can print them for personal use only as they are copy righted. I'll be happy to share how to use them. Happy sewing. Carol J
